MAGNOVITE

CHRIST
(DEEMED TO BE UNIVERSITY)
BANGALORE · INDIA

Established in the Mysore Road with the finest ambiance of greenery and world-class infrastructure, far from the hustle-bustle of the city. The vibrancy of this campus is its diversity in accommodating students and faculty of multidisciplinary programs catering to a wide variety of courses.

Christ(Deemed to be University), Kengeri Campus, is a lush green land of 78.5 acres towards Mysore Road. This modern campus with playgrounds and other sporting facilities is the hub of various schools such as the School of Engineering, School of Business and Management, School of Architecture, and School of Social Sciences.

There exists several opportunities in the form of centers and societies that provide students with an arena to develop their professional, personal, and essential life skills. Let me invite you to be part of this unique transformative experience With the motto of excellence and service.

MAGNOVITE is an annual fest organized by the CHRIST (DEEMED TO BE UNIVERSITY), Kengeri Campus. Since its inception in the year 2012, the fest has aimed to give creative and intellectual ideas a common platform, and has grown bigger and much more exciting. With the confluence of technology, management, design, psychology, and cultural events. Students can come and take part in events that help integrate their classroom teaching with practical knowledge, allowing them to prove their mettle, by competing against their peers from different parts of the world. Magnovite+ '21 had over 15+ different countries and 1800+ participants overall.

We at Magnovite '22 will provide a plethora of opportunities to the students of different colleges all around the world. Hosting events on campus as well as online this time.

BY SCHOOL OF ENGINEERING AND TECHNOLOGY

DEPARTMENT OF COMPUTER SCIENCE & INFORMATION TECHNOLOGY

IDEATHON

Television the much loved mini world is a fabrication of a thought that was well wished by certain far-sighted and creative minds at work. The ever-so-efficient translator working on our fingertips and occasionally cracking some very amusing jokes. Just as we begin to marvel at their making we realize the marvel of the Design Patterns of our brains essentially architecting some tough engineered ones. Technology has become Man's friend like never before and is evident and everywhere! Sophia, the world's first AI robot citizen would agree to that quite right.

The 21st century belongs to technology. Innovations and new ideas continue to address solutions that shape the future.

This Ideathon welcomes you to send your boldest ideas based on "**Humanitarian Technologies for Sustainable Development**".

Let the marathon of ideas commence!

Mode of conduction: Hybrid

POCs: Basil Benedict Victor - 8902364003

Team Size: 2-4 members

BY SCHOOL OF SOCIAL SCIENCES

BLACK-OUT POETRY

If you have a passion for literature and treasure hunts, Blackout Poetry is the event for you. This type of 'form poetry' aims to create a piece from an existing written work by coloring over the words you don't need. You don't need to bring in a truck-load of literary prowess, nor do you need to bring a thesaurus. All you need is a head full of ideas and a flair for poetry! A written piece will be provided to the participants from which they will have to blackout words so that the words are left to form a poem relevant to the given theme.

Mode of conduction: Online

PERFECT PITCH

You've finally landed a job in the marketing division of the Multiverse Interrelation Corporation. It's time to prove that you're not just some half-rate human with only one brain. Prove that you've got what it takes to capture and persuade an audience that is not entirely human. Do you have what it takes to rope in intergalactic customers? Here's a chance to enter a multiverse and flex your persuasive skills by trying to sell out products given to you to an unknown set of audience, wherein the product should have a different function and use.

Mode of conduction: Offline (At Christ University Kengeri campus)

CULTURAL EVENTS

INDIAN GROUP DANCE

As stated by Nita Ambani, Indian classical dance is sustained by a profound philosophy. Its form seeks to merge with the formless, motions seek to become a part of the motionless, and the dancing individual seeks to become one with the eternal dance of the cosmos.

We present to you the Indian group dance in Magnovite 2022, where you can flaunt your steps which have their roots deep in our rich culture. Indian dances consist of a graceful duet of melody and skill, as the performers express the tales of various emotions. Dance your heart away while spreading cheer with every step you take. Let's summon the energy and passion for performance onto this day, and share the awe of this grand spectacle collectively.
